

Walteria, Pacific Hills

Flu Bug Downs Columnist for Week, Back at Typewriter Now

By BETTY MITCHELL
DA 6-4438

Sorry to have missed you folks last week, but just as I was planning to tap this column out on my trusty typewriter the flu bug caught me and that ended the writing for the time being. Will try to catch up on the news this week, though, so here goes.

The July meeting of the JFF Club was held at the Recreation Hall. On that evening the ladies held installation of officers for the coming year. Taking vows of office were Mrs. Jim Laughrice as president; Mrs. R. C. Lassen, vice-president; Mrs. Paul Stonecker, secretary; Mrs. John Minor, treasurer; Mrs. Carl Cramer, publicity chairman; and Mrs. Eva Kelley, sunshine chairman. After the installation service, the ladies continued work on their quilt, which is almost completed. Since the evening was very warm, the ice-cold watermelon served by hostesses Mrs. Hahn and Mrs. Cramer was more than enjoyed. The next meeting of the club will be held the third Tuesday of August at the Recreation Hall with Mrs. Kelley and Mrs. Mattie Hayes acting as co-hostesses.

A little late, but thought you readers would like to know that little Linda Baker of Adolph St., who was injured June 22 when she was struck by a car while riding her bicycle, is almost as good as new. At the time of the mishap she received various bruises and a broken shoulder blade along with a very slight brain concussion. She is at home and planning to be able to start school right on schedule this fall.

Linda's big sister, Janice, has spent a very pleasant week at a youth camp sponsored by the Nazarene Church. The camp was situated at Idyllwild and is reported to be a very beautiful place for a summer vacation.

The Mosley residence on Ward St. has been one of the busiest in Walteria this last week. They first had company in the persons of Mrs. Ethel Bounds

of Ft. Worth, Tex., and Mrs. Glenn Pendergrast of Ada, Okla. Mrs. Bounds is Mrs. Mosley's aunt and Mrs. Pendergrast is an old-time school chum. Now at the Mosleys is Max Will from Bochum, Germany. He is an exchange student who will live with the Mosleys during this next school year while he is an attending senior at Torrance High School. Max arrived via Greyhound bus after coming from Germany to New York via the Neptunia. He was sent here by the American Field Service of International Scholarship and he was accompanied on his trip by other exchange students who are residing in Palos Verdes and Manhattan Beach for this next school year. To Max we send our heartiest welcome to our community, and may we send him home with fond memories of our town, and our people.

The Cub Scouts here in Walteria are certainly making the most of the summer. Their last meeting was held as a picnic in the Recreation Park and all the dens participated. Leader of Pack 240, by the way, is Mr. Ed Rowell. After games and a tremendous lunch topped with watermelon, furnished by the pack, the boys and parents all went home very tired, but very happy.

The whiz of the ball, and the thud as it hits the bat are sure signs of summer. The Little League baseball park has been humming with activity all season. One of the teams, the Pirates, held a picnic at the Torrance Recreation Park a week ago last Sunday. This was attended by the junior team of 10 boys and their parents. Lunch was served potluck style, with a huge cake with the word "Pirates" printed on the top as the highlight of the event. By the way, the boys played the fathers a game of ball in the way of recreation, with the fathers coming out on top. But according to all reports, the fathers were slightly the worse for wear the next day while the boys felt nary a thing.

Four Walteria couples attended a Little League dance held

on a recent Saturday evening at the Western Club in Gardena. Having fun at the affair were Mr. and Mrs. Hume, Mr. and Mrs. Larry Monaghan, Mr. and Mrs. Burger and Mr. and Mrs. Englehardt.

Old Mexico was the place the Ivan Ketterings of Neece Ave. decided on for their vacation. So off they went to that country for a week's pleasure fishing and camping.

John Hunt of Adolph Ave. has been quite ill, but is recuperat-

ing at home and will soon be around again same as usual.

Recent visitor, and a very welcome one, at the Deurloo home on Park St. was their son Raymond Deurloo.

Want a dog, anyone? This happens to be a pedigreed blonde cocker spaniel, a lovely little female, eight months old. The owners of the dog are leaving to go back to Denver to live and will be unable to take the dog with them. If any of you readers are interested in

same, call Davenport 6-5714.

Mr. and Mrs. Paul Stonecker of Neece Ave. have returned from a lovely vacation in Salt Lake City. It was a hot visit, but fun.

Goodbye, goodbye, goodbye, seems to be all we are hearing these days. One family which will be sorely missed by our community are the Bruce Howays of Winlock Rd. Lucille has been active in PTA since moving here, serving as president of that organization for

one year, and as vice-president last year. She has also been active in the local Methodist Church, holding offices in the WSCS. Not only that, but she has also belonged to one of the bridge clubs in Pacific Hills, and been participant in many community projects. Husband Bruce has been transferred to San Diego with the U. S. Navy, so the Howays are selling their home and leaving our town.

Another family leaving our community are the Don Dahls of Danaha St. The Dahls have

sold their home and plan to leave within the next two or three weeks.

The Bob Allison of Danaha St. have already moved from the home they rented here since last January. While here, they made many friends and became an active part of our community. The Allison are now living in Torrance.

Here comes that long-legged bird again. This time he brought that bundle from heaven for Mr. and Mrs. Fred Dean of Ward

St. Born last Tuesday, Aug. 3 at the San Pedro Community Hospital, the bundle turned out to be a baby girl who tipped the scales at a very healthy 11 lbs., 13 oz. She will answer to the name of Janet Elaine. Proud grandparents are Mr. and Mrs. Hackert of Neece Ave. The paternal grandparents live in Oklahoma.

EARLY PARK
Hot Springs Reservation in Arkansas is one of the nation's oldest national parks. It was established in 1832.
